Greetings, my name is Michael Cook. I'm an [application developer], [design artist], and a [system engineer], as well as a [security engineer], [researcher], & [investigative journalist], but- I like to shorthand all of that to CYBERCOMMANDO.

Probably sounds stupid, "LOL. CYBERCOMMANDO...?!"

Yeah well, it's short...? To the point...? Easily illustrates (who/what) I am...?

[Cybercommando]: Someone who is an EXPERT with [information technology].

I'm making this document to illustrate that [I do all of this work that I've just rattled off].

I also record a lot of audio recordings where I prove that I am an [expert at oration].

All of the audio links below are available at: <https://github.com/mcc85s/FightingEntropy/blob/main/Audio/Logs.md>

[Foreword]: If people reading this are expecting me to be FORMAL with this work I do...? Discard this document.

I'd recommend listening to "01/29/23 | Experience" in the list below, first.
