As each day goes by, I remember plenty of things from my past where I was treated poorly by other people and when I say something about it...? WELL... I've got SOME NERVE, to tell people, that I don't appreciate being treated like some degenerate piece of filth.

Maybe talking to myself out loud, or writing my thoughts down for OTHER people to read, isn't as PRODUCTIVE as I once believed.

I probably overgeneralize things more often than I should, but- at least I can admit that... because SOME people can't.

Now, I see very clearly that, typically, OTHER people don't understand why I express my rhetoric and thoughts to the extent that I do.

It's not a symptom of insanity or anything like that, but if you SAY it a bunch of times, it might cause Heather Corey Mongue or whoever, to CHERRY PICK those fuckin' posts, and just throw them down on a table in a courtroom where the defendant has not been allowed to be a part of, like what happened to me on 11/04/2021.

Yeah, these people will probably be shocked to know that I have so many recordings of Saratoga County Family Court LYING to me, and violating my rights... and that I'm waiting for the PERFECT MOMENT to reveal my hand. Side point...

Anyway, PROFESSING MY TRAIN OF THOUGHT is a side effect of being a genius... like Jordan Petersen or Robert Sopolsky, or Jeremy Rifkin.

Yeah, sometimes geniuses have to state that they are one, not because people can't see it or detect it... but because they commonly mislabel other people. Most people probably don't care if they mislabeled somebody, and you know, that's fine. Reason being, what goes around comes around.

Now, everyone's entitled to have an opinion about something, but- where people have a serious problem, is knowing when an OPINION is ALSO A FACT.

So, when you're like me, and you express an opinion that ALSO happens to be a FACT... people that don't know that OPINIONS are sometimes FACTS... they'll immediately reject what I have to say, because SEAN HANNITY told them that climate change isn't real... So, if I say that it IS, and SHOW them SUPPORTING EVIDENCE...?

Well, it's STILL just my opinion, not a fact.

It's really... disappointing when I find out that someone prefers to remain in their own bubble with this false knowledge that they have. Because, they don't fucking care how oblivious they are. They look EXACTLY like a pig rolling around in the mud, fuckin' ugly bastard with nostrils right on the front of their face.

Yeah. Pigs have some fuckin' monstrous nostrils, snot hanging out sometimes. They don't really give a shit…

Anyway, to translate that analogy to how I've been treated poorly by people, my aunt Nancy had me pretty worked up for a while, and though I'm still pissed about it...?

I realize that if people want to act like pigs rolling around in the fuckin' mud, that's their choice. They don't give a shit if that's what they look like.

They could very easily give a shit what they look like, and care about some of these audio recordings I've recorded where I just have conversations with police officers and prove that I can pressure them in an interrogation... but, sometimes even with REAL COMPELLING EVIDENCE...?

People will make up excuses for the other party I'm interrogating. I'm dead serious, like Dwayne said to me after the SERIOUS CYBER ATTACK AT MY OLD JOB THAT INVOLVED (4) ATTACK VECTORS AND WAS EXTREMELY SOPHISTICATED...

this dipshit will tell me that I must've been doing something I wasn't supposed to be doing...

Pigs that don't care what they look like rolling around in the mud, will have this line of reasoning. Dwayne tells me "You must've been doing something you shouldn't have been doing."

I'll tell you EXACTLY what that fucking means, right now. It means:

- 1) Dwayne had SOME hand in the attack
- 2) The attack was TOO SOPHISTICATED for HIM to pull off
- 3) It wasn't the first time that shop had been attacked, but WAS VERY SEVERE
- 4) Pavel had some hand in the attack, because there were multiple types of attacks
- 5) Phantomware on my smartphone
- 6) DDOS to the cable modem
- 7) CVE-2019-8936 to the security gateway
- 8) WANNACRY ransomware derivative.

All of these things mean that SOMEONE FROM ANOTHER COUNTRY CALLED "RUSSIA", HAD SOMETHING TO DO WITH THAT, and it REALLY means APT29 had been watching me the entire time I worked at Computer Answers.

What it also means is that APT29, or at least the people who are involved with them, might have something to do with my father's death.

People prefer to believe what they want to believe, and if they believe something that isn't even true ...? THEN, you're a REAL ASSHOLE, for trying to lift the veil of denial. Belief systems outside of religion, sexuality, and politics...?

They should be called FALSEHOOD SYSTEMS, in some cases. That's what BELIEF SYSTEMS are sometimes.

For instance, if something is written in a newspaper…? Well, holy fuck.

It was written in a god damn newspaper, SO THAT MEANS, it CAN'T be false at all.

That MUST mean that it's accurate, cause the newspaper wouldn't just print something FALSE like a fuckin' douchebag, would they...? Fuck no. Never has there EVER been a single newspaper in history, that has EVER printed some FALSE, MADE UP BULLSHIT, BECAUSE EVERYBODY ALWAYS TELLS THE TRUTH, ALL THE TIME, ALWAYS. Not (1) time has it EVER happened in history.

Oh, wait. Nah.

Excuse my heavy sarcasm, but- yeh.

That shit happens ALL the time.

However, uh- too many people in society think like this, where they KNOW they're "correct", since they read a FALSEHOOD in a god damn newspaper... OR, they saw some degenerate fuckface on PERP PATROL, for being recorded in a video, doing something that they didn't even do, in a video that doesn't even exist.

Yeah, PERP PATROL, will go ahead and show an ARRESTED PARTY, who was ARRESTED for DOING SOMETHING THEY DIDN'T EVEN DO, in a fucking VIDEO that DOESN'T EVEN EXIST. Now, they're REAL fucked, cause...

CBS had that son of a bitch on PERP PATROL. So, ARIEL SOLOMON might just be like "WOW, HOW OFTEN DOES THAT HAPPEN...?" Every fuckin' day, I'll bet.

That's how SOME people on PERP PATROL, are PRESENTED to the PUBLIC. So, before you can prove to them that they're not fuckin' correct at all...?

They're like, wiping their hands clean thinking they just fuckin' showed ME a thing or two. My god what an annoying prick I was for trying to correct the false information they read...

However, this response falls under a term called PREJUDICE as well as DISCRIMINATION. That's what my aunt Nancy did last time I saw her.

Just a PREJUDICE and DISCRIMINATION peanut butter and jelly sandwich, said:

Nancy: Love ya, but you've got some fuckin' problems and you need help~!

... and then kicked me out of her fuckin' house, without looking at any of my evidence. Not too different from what the cunt from the NEW YORK STATE POLICE, SARA DERUSSO did. As for my aunt Nancy...?

That's OBVIOUSLY the definition of LOVE, right there.

Pretty fuckin' cool, isn't it...? Nah lady.

I had an audio recording of my mother arguing with me about SCSO-2020-003173 and SCSO-2020-003177, where the Saratoga County Sheriff's Office decided to commit obstruction of justice... I was talking to my mother about THAT, and my mother VERBALLY ADMITTED that she SAW the EXTRA LINE OF PIXELS IN MY WORD EDITOR.

But, the POLICE never LIE about a god damn thing, do they...? No way dude.

The police are ALWAYS truth tellers, they never ever lie, and they never ever try to MURDER SOMEONE in COLD BLOOD. Except DEREK CHAUVIN.

Just DEREK CHAUVIN, though.

No other cop, in the history of cophood, has EVER killed someone in COLD BLOOD, and then lied about it. It's never happened (1) time.

Oh wait. Yeah. It happens a fuckin' lot.

The police…? They have the RIGHT, to KILL PEOPLE in COLD BLOOD, as well as LIE ABOUT IT… ... and even, to DESTROY EVIDENCE of them doing such a thing.

## Wow.

That's sorta what almost happened to me on MAY 26<sup>th</sup>, 2020. But, I'm surrounded by fucking morons who think I'm just making that shit up. So, that's why I started doing this thing called 'WRITING A GOD DAMN BOOK'.

So, at some point I will leave a link to the HUNDREDS of pictures I've taken, of my WORD EDITOR being MODIFIED by either FOREIGN INTELLIGENCE, or the CENTRAL INTELLIGENCE AGENCY (or Microsoft).

But, you know, I'm probably a lot more RARE than people think, because if I TELL them about shit that I've recorded VIDEOS and AUDIO LOGS of...? That's gonna cause people to label me as DELUSIONAL, BEFORE they see what I've recorded.

The reason for that is THIS simple... Here in America, if you aren't making money…?
Then people will IMMEDIATELY treat you as if NOTHING you're DOING, fucking MATTERS. AND, that you're WASTING your TIME. (^ DISCRIMINATION)

Whereas, if some rich brat is part of a family that has MONEY...

- ... then, they don't EVER have to LIFT A GOD DAMN FINGER and EVER WORK THAT HARD AT ALL...
- ... and THEY'RE NOT TREATED THAT WAY AT ALL...
- ... and they can even do whatever the fuck they want to, and PEOPLE will FIND WHAT THEY DO, "COOL".

(^ NON-DISCRIMINATION)

Because, if people in the community just LIE to one another about somebody and RUIN THEIR REPUTATION, then that AUTOMATICALLY means that SOMEONE won't be able to do the BUSINESS they used to DO. Which is sorta like choking someone to death, essentially. Because, that SEVERELY IMPACTS SOMEONE'S ABILITY to ... make money.

So for instance, if DWAYNE COONRADT steals SOFTWARE from SOFTWARE DISTRIBUTORS, as well as COMPONENTS from CUSTOMERS DEVICES at COMPUTER ANSWERS, and then COERCES HIS CUSTOMERS into SALES by BEING A BULLY...?
The community will fucking give DWAYNE COONRADT and PAVEL ZAICHENKO a NICE, HEALTHY, PAT ON THE FUCKING BACK. JOB WELL DONE BOYS, FUCK THE TRUTH. JUST LIE AND EARN A PROFIT. TIM BERLIN NEEDS HIS \$6500.00/month in RENT.

Whereas, if I tell people that's what they fucking do, and I'm more EXPERIENCED than EITHER ONE OF THESE FUCKS, AND, I left behind the HIGHEST SALES RECORDS AT THAT FUCKING BUSINESS... and DIDN'T HAVE TO STEAL A FUCKING THING ...? I'm gonna get people like MRS. DEVOE from the ORCHARD telling me that I need to stop fuckin LYING to people about some dude that she has a crush on. Because. That dude is such a well meaning dude that would NEVER lie to a soul. Fuck you, Michael Cook. And your father, too.

I have no idea if Mrs Devoe would ever say or think something like that, BUT- Dwayne is a cocksucker and does that shit. And, he lied to a number of people about me after JANUARY 15<sup>th</sup>, 2019. He was supposed to go to McKownville NA meeting on JANUARY  $15^{\rm th}$ , 2019, and give me my  $2^{\rm nd}$  year coin. I stopped at the shop BEFORE I went there, and he was like "Oh man, that's TONIGHT ...? Oh fuck, I just ... I can't go, dude. I'm sorry."

For a dude who is ALWAYS PUNCTUAL and NEVER FORGETS A FUCKING APPOINTMENT or MEETING ...? Dude somehow acted VERY ATYPICALLY for a NEFARIOUS FUCKING REASON.

Anyway, side point.

Yeah, the problem is that everyone in society is trained to do this DISCRIMINATION bullshit, because society has been shaped around people's expectations, and it goes all the way back to England forcing America to pay for the fuckin' tea.

The point is, if you see some bum walking around asking for change or whatever, no doubt someone will say:

Someone : Why don't you get a job, ya fuckin' bum~!

... because it's what people with a sense of entitlement get to do. Some of these people think they WORK HARD, or whatever. Sometimes it's true, they HAVE worked hard. Other times, they haven't worked that hard at all, and they get confused when someone with MORE EXPERIENCE at DOING SOMETHING has been BLACKLISTED or is on some type of WATCHLIST... cause some rich fuckface put them on the list for an ILLEGAL REASON.

THAT MEANS, some rich asshole decided to QUIETLY piss in somebody's soup, hoping that they'd never notice.

Here's an example of what I mean by some rich asshole quietly pissing in somebody's fuckin' soup

| 785-3221 Jesse Pickett | 07/21/89 | https://drive.google.com/file/d/1y05kPm-CjVIALi6r8CNPMlIRnXvMtPpD |

Wow. Nfrastructure USED TO BE PARTIALLY OWNED by THIS fuckin' guy...

And, that's ... my dead fathers handwriting on a card that says JESSE PICKETT 785-3221.

It's almost as if this was the NEW INFORMATION that I showed my mother like, multiple fucking times… Huh.

That is an EXTRAORDINARY FUCKING PIECE OF INFORMATION, ISN'T IT ...? MY DEAD FATHER ... ?

WENT BACK IN TIME BEFORE NFRASTRUCTURE EVEN EXISTED ... TO WRITE THIS DUDES NAME ON A CARD ...? No way, dude. That's impossible.

However, uh- this is EXACTLY WHAT I MEAN, by some RICH BASTARD, QUIETLY PISSING IN SOMEBODY'S FUCKIN' SOUP.

The problem regarding DISCRIMINATION, is the notion that people are GROOMED into thinking the way they do, by society. But, SOCIETY is GROOMED by things like the ROYAL FAMILY, UNWRITTEN RULES, LAWS, and whatever else. I spent the last almost 4 years, disassembling my perceptions about society, because so many things are fuckin' retarded, and make NO SENSE.

Much how if someone has a pet dog, and they say BAD DOG if the dog decides to poop in the house...? Humans develop that sort of reaction to things TOO... this develops STIGMA or HESITATION. Ultimately leading to STRESS.

The ROYAL FAMILY will say that SWEARING IS REALLY BAD, SO IF YOU DO ...?

Then fuck you, pal.

YOU'RE... A REAL BAD PERSON cause you fuckin' said some REALLY BAD SWEAR WORDS, and that's GOTTA be against the law... or else, the ROYAL FAMILY will most certainly be VERY DISPLEASED by your fuckin' foul mouthed antics, ya fuck ... ~!

It's OK for THEM to swear when they're not in public... but you...? NOPE.

Not allowed, dude.

There's a malicious reason for that, it's basically to EUTHANIZE OUR SENSE OF HUMOR, by FORCING people to be more FORMAL, rather than INFORMAL. And, it WORKS. Because, they teach the kids in SCHOOL:

Kid : Mrs. <insert name>, MICHAEL just fucking SWORE ... ~!

Teacher: \*hands on hips\* Oh really...?

\*looks at Michael\* Michael, did you just fucking swear at somebody...?

Me : NO~!

I did NOT just fucking swear, just now.

Teacher: Yeah, well...

I don't fuckin' believe you, buddy...

You're gettin' a REFERRAL to Mrs. Carrolly's office for fuckin' swearin' Michael Cook~!

I must've racked up HUNDREDS of these things.

Mrs. Carrolly was the lady who had an office next to Dr. Lewis who was the principal of Skano Elementary when I attended there in 1990-1995. I distinctly remember LEARNING what the word was for drinking the LAST LITTLE BIT of CHOCOLATE MILK from the little plastic bottles that they used to serve.

Mrs. Carrolly : Heh.

So we meet AGAIN, Michael Cook~!

Me : Yeah, Mrs. Carrolly.

We do.

Mrs. Carrolly : It's time for you to go get your lunch, kidface.

Me : I guess it IS time for me to go get my lunch, Mrs. Carrolly...

Mrs. Carrolly : Good.

Then, go get it, and then you come RIGHT back \*points down\* here, young man~!

Me : FINE~! Mrs. Carrollv : Fine.

\*I'd go get my lunch and come right back, and then I'd be finishing the chocolate milk\*

Me : \*SLURPING\*

Mrs. Carrolly : Stop making those SLURPING noises…
Me : \*chuckles\* Heh.

I'm just a KID Mrs. Carrolly, in third grade.

\*shakes head\* I don't even know what that word MEANS...

Mrs. Carrolly : SLURPING: verb - eating or drinking (something) with loud sloppy sucking noises

Me : Oh.

Didn't realize that annoyed other people.

Mrs. Carrolly: Yeah, well... it's fuckin' DEFINITELY annoying, kidface...

Me : Fine.

I'll stop it then...

Mrs. Carrolly : Good.

Continuing with the point about DISCRIMINATION...

What about someone who collects food stamps, SSI, or gets welfare...?

Are THEY discriminated...? No.

They're obviously WAY more important than the people who could use welfare or SSI, but prefer NOT to.

Yeh, go figure. Some people would prefer not to ADD to the NATIONAL DEBT because… some people really are oblivious, and they think that America has PLENTY of money to burn. Just go ahead and keep printing money, it will NEVER have a DETRIMENTAL EFFECT on SOCIETY.

Oh wait, yeah it will, it's called INFLATION, as well as HIGHER GAS PRICES, as well as \$7T ADDED NATIONAL DEBT. Wow.

Yeah some people actually think America has infinite money since the president can, at any moment, mint a fuckin' \$1T coin in the case of emergency. But, that's because there are a lot of highly gifted liars in our country...

Last time I checked, I know how to do mathematics, and the facts and figures are in... ... the United States of America owes ITSELF as well as the rest of the WORLD, over \$30T ...

So, if it KEEPS making additional \$1T coins, like 30 times... could it IN THEORY, just pay off the national debt...?

Cause, America would burn through A LOT LESS FUCKING MONEY, BELIEVE IT OR NOT... if it DID that... However, it's not a great idea because then, the debt will still be the same amount.

So, you just wind up doing the same thing BRUCE TANSKI does to guys like PAUL AMATO and NIKOLA DINOVA. You just, bamboozle people, and blame some innocent person for committing fraud, because they were making a DONATION or POLITICAL CONTRIBUTION...

BUT, basically that number keeps going higher, because people don't realize the fucking game that everybody is UNWITTINGLY taught to play...

People : OoooOoooOh the fuckin British monarchy told us we gotta pay for the new fuckin tea. ... or else there will be HELL to pay...

...even though everybody is literally being asked to pay for HELL. Weird, right...?

Monarchy : Pay it, or there will be HELL to pay, for everybody.

We're not tellin' ya that by paying, you're paying for HELL already.

So… just, do it anyway.

It's good for ya.

The game is, HUSTLE for ANY dollar amount possible. If you do a job and it winds up causing somebody to get hurt or be killed...? Oh well.

You probably have a MORTGAGE or HOUSE PAYMENT to take care of, so don't let the notion of hurt or killed people get in the way of THAT, cause that's OBVIOUSLY a LOT more important than whether some INNOCENT PERSON or GROUP OF PEOPLE get HURT or KILLED. So, who really cares if another UVALDE ELEMENTARY situation happens...?

Well, I'm certain that the FAMILIES OF THOSE KILLED PEOPLE CERTAINLY DO.

Because, they're gonna ask questions for the REST OF THEIR LIVES, as to WHY TED CRUZ, GETS PAID \$500M A YEAR FROM EXXON MOBIL, and the FUCKIN' CLOWN couldn't do a god damn thing to prevent that from happening.

Not... at... all.

But also, these fuckin' clowns on Fox News that say climate change isn't real, is a serious problem. It SHOULD be a CAPITAL CRIME for the industry to allow people to state an opinion that is constantly fucking false, but I'll elaborate on what I mean, specifically...

It's ONE thing if someone is INTENTIONALLY BEING RIDICULOUS and making a fucking JOKE. It's a TOTALLY DIFFERENT STORY when it is PHRASED as something to be TAKEN SERIOUSLY. And, FOX NEWS constantly performs the LATTER, and it CAUSES people, to BELIEVE, that they are CORRECT...

Because, they'll say climate change isn't real, but then... oh shit, on the WESTERN side of the country, there's a DROUGHT and LAKE MEAD is at one-third of it's normal capacity, and some VERY BAD WILDFIRES are destroying THOUSANDS to MILLIONS of acres of land and forest, as well as BURNING DOWN a lot of people's HOMES, BUSINESSES, PROPERTY and literally destroying EVERYTHING in their fucking wake.

Meanwhile, on the EASTERN side of the country, there's a lot of FLOODING and TORRENTIAL RAIN, hurricanes and then the tornadoes up the wazoo.

Climate change.

That's what's going on around the country, here's what's happening in YOUR neck of the woods.

-Al Roker

Alright everybody, this is the local weatherman, comin' at ya.

We've got a fuckin' clusterfuck goin' on today, 99 percent chance of rain for 10 minutes, for every hour throughout the day, followed by a blizzard of snow, hail, sleet for an hour, followed by an immediate jump back up to like 85-90 degrees, everything's gonna melt and cause total chaos... it's gonna keep doing that all day, folks. Make sure you've got an umbrella, a fuckin' tarp for your car...? A heavy coat...? And a t-shirt and shorts, cause it's gonna be a really fucked up day, today... Nobody knows what the hell's gonna happen. Back to you, Al.

Wow. Uh, \*can't believe what they just heard\* We're gonna cut to a commercial break, folks...

ALL of these things in the last (2-3) [paragraphs/boxes] are rather UNPRECEDENTED...

However, obviously FOX NEWS is CORRECT ALL the fuckin' time, otherwise ... why would they say some shit like that on BROADCAST TELEVISION...? Climate change doesn't exist...? Pretty sure the above box would convince everybody that it DOES, but we're not THERE quite yet.

Anyway, what if they got fined each time they said that "Climate change isn't real" on BROADCAST TELEVISION ... va know...?

Instead of the FCC issuing FINES for saying FUCK, SHIT, COCKSUCKER, MOTHERFUCKER, etc. so forth, the FCC was like:

FCC: Uh, you know what we SHOULD do...?

Fuckin' fine these sons of bitches for sayin' climate change ain't real...

Cause I can GUARANTEE, (FOX NEWS/RUPERT MURDOCH) would go BROKE, pretty fucking quickly. And, the dude is a god damn billionaire, too.

You know what's pretty hilarious is this... what if all that EXTRA water on the EASTERN coast, was TOLD that it BETTER go back to where it came from, on the WESTERN coast, and to knock off the fuckin' funny business... ... or else somebody is gonna have a REAL stern talking with all this badly behaving weather...

Mhmmm. That's right. That SOMEBODY, will be SEAN fuckin' HANNITY, himself. He's gonna have to whip out the fuckin' nunchakus, and threaten all that water...

Hannity: Listen up ya fuckin' body of water...

I'm gonna tell ya ONCE, and I better not have to say it again…

You BETTER get your ass back over to the west side of the United States...

\*shaking head\* OR ELSE I'm gonna get WICKED PISSED...

\*shows off with his fuckin' nunchakus\*

Water : \*not impressed, doesn't do anything\*

Now that Hannity threatened that body of water, then that means it will DEFINITELY do what it was told to do… because people that said climate change isn't real…? NOW they don't have to worry about being shot to death by some fuckin' lunatic with a weapon like what happened at UVALDE ELEMENTARY.

Cause I'm gonna come right out and say it, guys like these fucks at FOX NEWS deserve it a LOT MORE than a bunch of innocent little KIDS, or TEACHERS, or et cetera. So, if this dumb son of a bitch can TELL the body of water, that it fuckin' BETTER stop playing games...? Well, since Hannity whipped out the nunchakus, and had a stern talking to ... Now it's fuckin' serious. Now the climate change that wasn't happening doesn't have to keep happening, and then all of that displaced water goes right back to where it belongs.

Nah. Doesn't sound all that REALISTIC, does it...?

Literally 100% of the time that ANY HUMAN BEING, attempted to have a REAL STERN TALK with a BODY OF WATER...? The water did nothing differently.

Nah, it may not have said the words "Fuck off, pal."... but the end result is basically the same.

Hannity is still a lying cocksucker and climate change IS real. And, Hannity is quite a queer son of a bitch if anyone ever saw one.

The oil industry has a tight grip over America, and it is so bad that I have to keep telling people how they're treating people like ME as if I am the problem, right…? I'm some degenerate low life scumbag and people just treat me like shit, they lie about me, they think nothing I say or do matters … meanwhile some cocksuckers on Fox news get millions of dollars to lie for a living on camera.

The true degenerate piece of filth are guys like Tucker Carlson and Sean Hannity. Even Ted Cruz and Bob Lutz. Wanna know why...?

They've all played a hand in basically telling Americans that they're fuckin' morons, every day, lie after lie. They don't say the words "You're all morons~!" but- their ACTIONS consistently support that theory.

In the end, I think it comes down to society refusing to wake up and look at itself in the mirror. I know that plenty of people will try to tell me:

People : \*chuckles\* Heh.

Buddy, I look in the god damn mirror first thing, every morning... You obviously don't know what you're talkin' about.

Cause if it's a woman...

Woman : I gotta fuckin' brush my teeth, and my hair after a nice hot shower...

And sorta spend like an hour drying my hair, putting my makeup on, getting dressed...

\*chuckles\* Heh.

Dude's gonna tell ME, that I need to wake up and look at myself in the mirror...?

LOL. WHAT A DUMBASS~! I ALREADY DO THAT~!

But, I think the METAPHOR is gonna fall flat on someone who takes what I'm saying TOO LITERALLY.

Looking at ones self in the mirror is a FIGURE OF SPEECH for LOOKING AT YOUR PRINCIPLES, and FIXING THEM.

Because if SOCIETY DOESN'T FUCKING MAKE THE EFFORT TO DO THAT, everyone will look as stupid as SEAN HANNITY.

SEAN HANNITY may not LOOK stupid to a lot of people...?

But- appearances can be deceiving, because as long as that motherfucker keeps saying CLIMATE CHANGE ISN'T REAL...? He is one stupid son of a bitch, and TUCKER CARLSON is RIGHT THERE WITH HIM.

The reason why I wrote Top Deck Awareness - Not News, is because I could easily make a programmer or software engineer that makes over \$250K a year salary, run for their money... For some reason, the people I say that to, think that's GOTTA be BULLSHIT.

I'm not lying about that at all.

The reason I'm NOT ALREADY DOING THAT, is because some people (BLACKLISTED ME/QUIETLY PISSED IN MY SOUP WHEN I WASN'T LOOKING), because they know I'm EXTREMELY TALENTED, and that's the ONLY way they can COMPETE.

So, I gotta shut my mouth and go work at some dead end job and never get myself out of this situation. That's what society keeps telling me I SHOULD do.

They don't care about the BILLIONS of dollars that a bunch of people stand to LOSE, once I'm out of this box. Nah. They think that I'm hyperbolizing that every fuckin' time I say it, too.

It's not bullshit.

I can literally make a lot of people that get paid a LOT of money, look very incompetent, lazy, slow, and inefficient… and (TUCKER CARLSON/SEAN HANNITY) are pretty fuckin' easy people to do that too. So is TED CRUZ. So, the REAL reason why I'm NOT doing that already…?

... is because people have PREJUDICE TOWARD ME FOR SOME FUCKING REASON.

PREJUDICE and DISCRIMINATION go hand in hand.

On one hand, the people that think I'm a degenerate, low life are FAR LESS PRODUCTIVE than I am, and that's not an OPINION, that's a FACT that I can PROVE, OVER and OVER.

However, that's NOT my OBJECTIVE.

I think people are too easy to MANIPULATE via MONEY.

Like for instance, if somebody asks DWAYNE COONRADT if he would suck some dude's dick for a million dollars..? He will do that in a heartbeat. He's already told me. Many times.

Most people really have a serious problem thinking about how the world would go on, if the entire market CRASHED, and everybody's money was COMPLETELY USELESS.

Not many people STOP to think about that. Because they'll argue with me that money will ALWAYS be USEFUL. Nah, not in a state of martial law.

There may be a day where everything you've ever worked for, could be TAKEN AWAY from you, and YOU have NO OPTIONS, other than to LET IT HAPPEN. Because, your MONEY BECAME WORTHLESS... and someone has a gun in your face, because the world ran out of oil, and few people really thought about what they would ACTUALLY do, when it runs out.

I'm fuckin' absolutely serious. I cannot be the first quy in history that has thought about that situation.

When the oil runs out, expect a lot of people to die very quickly. General Motors just FINALLY decided that they're gonna make an ELECTRIC CORVETTE. Wanna know why they're finally doin that...?

It's cause the people at the car companies that were making a shitload of money off of oil… they realize that 1) the oil is running very low.

- 2) the Tesla Model S Plaid has literally made electric vehicles such a COMPELLING PURCHASE...?
  - ... that the people who bought the new corvettes are getting SMOKED by the electric cars now...

... without emitting ANY smoke.

Well, tire smoke, MAYBE. That's it, though.

There's nothing quite like getting your internal combustion vehicle SMOKED in a drag race, by something that uses RENEWABLE ENERGY, DOESN'T HAVE "EMISSIONS", DOESN'T EMIT CO2, DOESN'T EMIT SMOKE... smoking the fuckin' dog shit out of ya.

It used to be, that there's no replacement for displacement... NOW, there's a replacement for displacement. People don't stop to think about how stupid they'll look in the future, when they lie to themselves. Nope. They typically don't.

However, there were a bunch of smart bastards who said:

Smart Bastards : Yeah, there is a replacement for displacement...

Check out how this car that uses no gas beats every production car in the world in a drag race...

```
| 09/10/21 | Tesla Model S Plaid @ Nürburgring | https://youtu.be/Ujp3q_aryRA |
```

It's electric powered, and it demolishes EVERY production grade gasoline powered car on the road.

It basically rips the wind right out of all those new Corvette owners sails. Cause they're paying a LOT OF MONEY FOR FUCKIN' GAS, and those cars are getting DESTROYED IN RACES by the much more well engineered Tesla Model S Plaid.

| Better Engineering |

You see, back in the day, Bill Gates and Paul Allen made a version of BASIC for the Altair 8800. I realize I'm jumping in topics right now, but it's a tangent with a relative point.

Gates and Allen, best friends, back to back… sittin' in a computer lab pounding away at the fuckin' keyboards for days on end. They had to pay top dollar for this time they spent on this slow ass piece of shit that they had to wait for instructions to pour out of.

They'd hit the ENTER button, and wait a while for the computer to spit out the output.

\_/--\\_/--\\_/--\\_/--\\_/--\\_/--Bill : This thing is fuckin' slow, dude... Paul: Oh, I fuckin' know, dude. Bill : \*sigh\* Dude, maybe one day we could build something WAY faster. Paul: And BETTER, too, huh ...? Bill : Yep. Paul : It'll only be another like, 5 hours for this fuckin' thing to print out... Bill : That's such a long time, dude. Paul: Oh, I know... But, if we wanna use something FASTER, we're gonna-Bill: ... need a LOT more money. Paul : Yep.

Bill: \*sigh\* And we're payin' for this thing to be SO SLOW, too.

Paul : Yeh man.

One day, things will be different.

Bill : \*adjusts his glasses\* They WILL be, dude. I'll make damn certain of it, too.

They saw an opportunity to have access to something that didn't need to cost a fuckin' fortune to use. The ALTAIR 8800. Sorta like a gift from the gods, in their eyes.

Bill : Dude.

Paul : \*eyebrows up\* Sup...?

Bill : ... this thing right here looks like it would be perfect to use at home...

Paul: ...it doesn't have anywhere even CLOSE to as much power as the one at the lab.

Bill : Yeah, but... we won't have to keep spending a lot of money on the hours at the lab.

Paul:

Bill : We could start running tests like, overnight or something...

Paul : ...

Bill : \*adjusts glasses\* Dude.

Do you know what this means ...?

Paul : We could like, not spend so much money on time at the lab...?

Bill: Precisely, Paul...

And then, they bought their little Altair 8800 and started telling everybody and their mother, that they were building something HUGE with it. For years, they dabbled and danced with this thing, and then they eventually started messing around with the Intel 8080 and eventually the 8086...

Each of these NEW ideas were:

1) SMALLER

- 2) LESS COMPLICATED
- 3) HIGHER PERFORMANCE
- 4) CHEAPER

Sorta feels like some dude named Elon Musk managed to do something to an entire industry of automobile manufacturers, huh...?

Yeah, the thing is, survival of the fittest has been taking place in the technology world, and the oil companies were literally having assassins KILL people that tried to BUILD ELECTRIC CARS or even EXTEND THE GAS MILEAGE of their vehicles.

KILLING PEOPLE that have a REALLY GOOD IDEA, that's a capital crime. You see, in the technology world, the reason why BILL and PAUL became SO SUCCESSFUL...?

Is literally because, they weren't taking on an industry that was well known for going around, and killing little kids with big ideas. The OIL and AUTO INDUSTRIES DEFINITELY DO THAT.

Because what that means is that everyone is the OIL COMPANY's little bitch, and then people just shrug their shoulders, and say "They kill people. Oh well. What can ya do…? I mean, you need gas to get from point A to B."

But- that mentality is what the oil companies expect people to have, that really don't care about climate change...

Nah. Here's the rhetoric of someone like SEAN HANNITY and TUCKER CARLSON...

\_/--\\_/--\\_/--\\_/--\\_/--\\_/--\

Hannity: Who cares if lake Mead is almost dry...?

Fuck that lake, nobody needs it.

Who cares if 3x as many hurricanes happen each year from now on...?

It's not like ANY of them EVER cause a LOT of damage.

Who really cares if Tesla made a car that uses no gas...?

Everyone NEEDS GAS, to get from point A to B.

And, if you even THINK about trying to tell people that you're cool ...?

But, you don't actually own a 2023 Dodge Challenger with the Hellcat package...? THEN YOU'RE A REALLLLLLL piece of shit, dude.

Besides.

Only COOL people can even BUY the fuckin' 2023 Dodge Challenger...

And lame people can't, so HA.

If you're not COOL ENOUGH to buy a fuckin' 2023 Dodge Challenger with the Hellcat package...?

Then, who the fuck are ya ...? You need to buy more gasoline.

While you're at it ...?

Tell the fuckin' climate change scientists... that they're degenerate fuckin' losers, too.

Fuckin' morons.

-\\_/--\\_/--\\_/--\\_/--\\_/--\\_/--

Well, those climate change scientists may as well get welfare or food stamps if they've been blacklisted like me, because Ted Cruz likes being pounded in the butt for \$500M a year by Exxon Mobil to SLANDER ALL OF EM, and blacklist them left and right, because ...?

SUPPOSEDLY, that's the American way, dude.

Doesn't matter how retarded that is, what matters is that everyone does what they're fuckin' told, and that's it. ... in a country that tells itself and everyone else, that it's "FREE".

Doesn't sound very fucking FREE at all, does it ...?

Who gives a shit if we cause an extinction level event...? Ya know...?

I'm sure my uncle Rick Smith won't give a shit… cause apparently I need to get a fuckin' job, otherwise I'm a degenerate low life and TUCKER CARLSON isn't.

You know, maybe that's what I've done all my life ...

I was a degenerate scumbag my whole life...

I NEVER did ANYTHING PRODUCTIVE or BENEFICIAL for SOCIETY...

My mother NEVER lied to a SINGLE person in her ENTIRE life...

Who really cares if my FATHER argued with her, and told her that he was DAMN CERTAIN that he was gonna be KILLED soon...? I mean, people will say HAPPY BIRTHDAY MICKEY~! But, do ANY of those people really give a shit as to WHY HE IS DEAD...?

Not if they don't care to realize that my father's murder AND Sammy Cassaro's murder were CONNECTED. When I say THAT, they'll tell me there's NO fucking way they're connected.

But people will do that BEFORE they look at this shit called "EVIDENCE".

Even though the SAME DISPATCHER was working the night EACH of them were killed, and that FRANCINCE VERO was involved in SAMMY CASSARO's trial, and was ALSO involved in Computer Answers vs Precision PERIODONTICS… nah.

None of them even know who JESSE PICKETT even is, or why my dad wrote the dudes name and number on an appointment card. THAT's why I KEEP getting UPSET with people in my family... because, I HAVE MORE INFORMATION THAN THEY DID IN 1995 OR 1996... You know...? Not trying to be an asshole, I'm suggesting that MORE PEOPLE WERE INVOLVED IN CONSPIRING TO MURDER MY FATHER, SAMMY CASSARO, as well as ATTEMPTING TO MURDER ME, in May 2020.

Ultimately, WHO CARES if I was TRAUMATIZED and developed PTSD when I was 10...? My aunt CINTHIA CALABRO did, actually. I really am not being facetious in the least… my aunt Cindy spent a fair amount of time with me, and I remember reading the letter that she wrote to some ASSEMBLYMAN, SENATOR, or CONGRESSMAN about the SAFETY SHIELDS in TAXICABS law called the "COOK LAW", in one of the newspaper articles.

Yeah, the COOK LAW, suggests that ANY CITY WITH OVER 40K RESIDENTS IN IT, HAS TO HAVE SAFETY SHIELDS. Some DIPSHIT decided to VOTE AGAINST IT, just like JOE MANCHIN likes to stroke his fuckin' dick on Capital Hill, when he votes against every fuckin' bill that Biden tries to pass regarding the infrstructure bill, family care, and education/student loans package. Yeah. JOE MANCHIN gets away with quietly stroking his dick WHILE voting against all these laws and shit. Nobody ever notices. Anyway, yeh, Aunt Cindy was trying to ream this dude out… but- aunt Cindy wasn't able to use the language that would've been far more effective.

That's the power of the British Monarchy defiling the first amendment of the Constitution. The FCC allows it.

Whenever my aunt Cindy picked me up, I felt a lot less traumatized when I was INCLUDED. I'd spend alllllll weekend at her house, playing with the dogs, playing video games, going ice skating, going to see a movie, listening to music with my cousin Johnny, playing basketball with my cousin Kyle and the kid next door, watching cartoons... sometimes whenever the trains went by, we'd go outside and try to throw a coin underneath the wheels... fun stuff.

Yeah, when I had to go back home, my mother didn't have the heart to tell anybody that she became very distant after my father died, almost like she didn't know what to DO with this sniveling little brat that he left behind... NOW she's gotta take care of this fuckin' brat...? Well, fuck

Mom does a FANTASTIC JOB of APPEARING as if she was an involved parent…? But, ask anybody I went to high school with, if they remember the day I almost killed a bully with a baseball bat…

I spoke to some older dude named Fred at the Halfmoon Mobil laundromat earlier this morning (the same laundromat where 2x 25-30 year old white males began to chase me and try to kill me on foot for over 90 minutes on 05/26/2020, same place).

Guy said that he's from Brooklyn and was a self proprietor for a security company that was trained by Israeli forces… never met this dude in my life, but he told me that I should've killed that kid.

I realize that a LOT of people are set in their ways like he is. That guy, gave me some good advice, but had I done what he said...? I might have been in prison that whole time. My kids wouldn't exist. I would've never finished high school or college. Would've never known a lot of people I've met along the way...

The COMPROMISES that we often make are not always crystal clear, or cut in stone.

For every Kyle Rittenhouse that killed a couple dudes in SELF DEFENSE, there's about a 100 guys like me that did NOT kill anybody, but still wound up getting in a SHITLOAD of trouble. And, for every Kyle Rittenhouse that is CLEARED of the MURDER CHARGES, there are probably 25-50 that wind up actually killing somebody and GOING to PRISON for LIFE... but- that's because people don't pay close enough attention to the details UNLESS, the case is sensational somehow. Or, there's some cash involved.

America SAYS that it's a free country... But, what is so FREE about it...?

Free to be LIED TO, or MANIPULATED by SOMEBODY. That's what is so FREE about it, in all seriousness.

If you focus on the many problems in the world, writing about them, trying to help people wake up from their deep sleep in denial... they're ONLY gonna get REALLY PISSED, when you tell them the TRUTH.

Even if you show them hard data that says they're being LIED TO, they'll casually ignore it and say "Oh well, what can anybody do about it...?"

And, even if you know your rights at all times, and can specify exactly WHEN and WHERE people like the POLICE or JUSTICE SYSTEM VIOLATES THEM as often as they please...?

There's really not many people in the world that CARE ENOUGH, to do what THEODORE "TEDDY" ROOSEVELT, did.

Most people like my uncle Rick or aunt Nancy will think highly about Theodore Roosevelt, because he was in the military and then joined the civil service, wound up becoming a NYS Assemblyman, congressman (I think), governor, and then he became president.

After he heard about a book by Upton Sinclair called "The Jungle", he established the FOOD AND DRUG ADMINISTRATION, as well as the BUREAU OF INVESTIGATION, which BECAME, the FEDERAL BUREAU OF INVESTIGATION.

The FBI's main mission is to: UPHOLD THE CONSTITUTION OF THE UNITED STATES OF AMERICA.

Teddy Roosevelt is probably rolling in his grave, just like my father has been, because the people in this world just don't care what either one of em stood for.

When I say people don't care what they stood for, what I'm saying is that my father used to tell me:

Dad : The truth will set you free.

And Teddy Roosevelt always said:

Teddy: Walk softly, and carry a big stick.

There's a theme between both of those statements...

And, it has to do with INTEGRITY.

Most people who think they have some...? Don't.

Dead serious.

Integrity is when you're given a CHOICE, to do the EASY thing that MOST people would do, or ...

- ... do the much more difficult thing, and go the path less traveled...
- ...knowing full well how much resistance you'll face, in doing so.

It's the main reason why Ted Cruz allowed 19 children and 2 teachers to be shot to death by some kid who lost his fucking mind... too busy getting fucked in the ass by the oil companies to give a shit about getting people screened and tested. Pretty cool accomplishment, huh...?

Some people will tell me "That shit wasn't HIS fault, buddy..."
But, those people are really cutting this dude WAY TOO MUCH FUCKING SLACK.

I thought the ACA was supposed to make sure people had access to medical treatment if they needed it…? Ohhhh well, many of the doctors HATE Obamacare and so they will literally do what Eric Schnakenberg does… ...charge you \$500 for a 2 minute visit, tell you:

Schnakenberg: You're fine.

Stop being a whiny little bitch. Just… tough it out, dude. Oh by the way, that'll be \$500.

To be clear, he's never said those words. But, the end result is really the same, ya know...? What the fuck did the man DO, to deserve \$500...?

Uh, nothing from what I can tell, except to maybe throw his dick in the wind and not care where it wound up. This dude wasn't ALWAYS like this, and yeh ... I'm getting a little carried away in describing what this dude decided to do TO me, in addition to TREATING me, like a degenerate piece of shit that needs to be on SOME type of medication.

But fun fact... does Eric Schnakenberg have a fuckin' PhD in psychology...? Uh, no he doesn't.

The COOL thing is, sometimes people that don't have a PhD in psychology, they like to walk around with their heads buried up their asses all the time, and they'll accuse someone of being psychotic BEFORE they've been certified to do such a thing.

There's a reason for that.

People commonly judge each other by their APPEARANCE, REPUTATION, or PERSONALITY.

So, if you're like me and your handwriting isn't all that great... people will see it and flat out think that it must be somebody insane... but fun fact: a lot of intelligent people have shitty handwriting.

APPEARANCES, are literally what cause most people to be easily fooled and manipulated. It really is, such a fuckin tragedy, that ALL YOU REALLY NEED, to be taken seriously by people... is to be ATTRACTIVE, or to LIE A LOT. That's it.

That's how MARIA CAREY became so successful. I mean, she does know how to sing...? But, that's not why she became such a huge commercial success. Had a lot to do with how hot she is. But being talented at singing and hot, doesn't AUTOMATICALLY give you the right to lie to people indiscriminately, which the bitch has always done.

A lot of bitches are JUST LIKE HER, too. I'll give you an example...

Marshall : Listen bitch ...

... you can beat me with any spatula that ya want...

Mariah : Dude.

I gave you a bunch of crackers to munch, AND all that red wine from my wine cellar.

Marshall : Oh, I know.

Cause we just spent all night fuckin'...

Mariah : You know I'm not gonna TELL anybody that, right...?

Marshall: That's why you've got that fuckin' spatula in your hands.

You're gonna try and flip me over or some shit, huh...?

Mariah : Obviously, cause you just spent all night flipping ME over...

Marshall : I don't get down like that, though.

I'll flip YOU over...

... you don't get to flip ME over, alright...?

Mariah : Dude I'll fuckin' blow on my bagpipes from Baghdad...

Marshall : Nah, I know.

Bitches always be lyin'.

People might try to argue with me about that, APPEARANCES CAN BE DECEIVING.

But, they really should consider that I could go take a test RIGHT NOW, to get a doctorate in PSYCHOLOGY, and score much higher than RICHARD TODD LOEBER or ERIC SCHNAKENBERG, WITHOUT even STUDYING for the TEST.

That'd probably piss BOTH of these guys off, right...?

Of course it would. Me, being some degenerate lowlife douchebag, somehow being better at psychology than either one. That... would send waves through the entire industry.

Headline : Michael C. Cook, scores incredibly high on a psychology test, makes (2) overpaid idiots look stupid

I'd have to be a GENIUS, to be able to pull that off, right...?

But, PSYCHOLOGY is pretty complex, so I doubt it would be an easy test.

I stand firm, that where I have studied meticulously, I may be a genius after all.

So was my FATHER, and so is my SON.

People don't realize that my dad was a true, 100%, no bullshit about it, more intelligent dude than most people

on planet Earth. Looking at the WAY that my father's handwriting looks, tells me that he cared about how people saw him AND his writing. But, my father is DEAD, and has been, so caring about how I APPEAR to others, has been a much lower priority than HAVING MY FACTS STRAIGHT.

As for my kids, if they APPLY themselves, I'm certain that they will do have the potential to be geniuses as well.

Jenn was actually a pretty smart girl… smarter than my mother. Couldn't stand this girl so many times but… sometimes I still think about her.

Regardless, what I'm suggesting is that if my father was murdered by people he expected would KILL him...?
Then THAT MEANS, the MURDER was PREMEDITATED, and MORE PEOPLE were INVOLVED, and the DEFENDANTS in the last
(3) trials may have to APPEAR IN AN ENTIRELY NEW TRIAL. (That is of course, if the justice system isn't RIGGED)

But, I'll get my MOTHER and aunt NANCY arguing with me, telling me that there's no way that anyone else was involved. Yeah there is.

Russians were smuggling drugs in during the late 80s and early 90s, causing the crack cocaine epidemic, and the guys in my father's cab were dealing drugs and carrying guns.

The destruction of the wall in Berlin, Germany caused a ripple effect, and the Russians actively exploited that drug tunnel. And, I believe that my father found some shit that he told other people about, such as Sammy Cassaro and the dispatcher… and John Pickett heard them on the radio on both of those nights.

John Pickett, I believe has military experience, and I believe he either was INVOLVED in trying to get me killed, OR he fuckin DEFINITELY knows who did. And I'm not talking about the 2 25-30 year old white dudes either. Nah.

They're serial killers, but- they're nowhere remotely as dangerous as the people I think John Pickett is affiliated with.

Heh. Wait till they see the day where all this shit I kept saying over and over finally pays off. If I'm wrong...? I'll hold myself accountable, but the thing is, when people like my aunt Nancy throw me out of her house, BEFORE I even show her any of my supporting documents and evidence...?

Well, it will eventually be impossible to ignore that she sorely underestimated my ass, and so did many others. It may very well be the WORLD against Michael C. Cook…? But, I have more than just a FEELING that I'm correct.

I think the CYBERATTACK on 01/15/2019, and the actual attack on 05/25/2020 are related to my father and Sammy Cassaro's murders.

If that is true, then the guys that killed my father were CO-CONSPIRATORS, or essentially FACILITATORS.

The reason why people don't bother ARGUING with me anymore, is because I win every argument I get into. 100% of EVERY ARGUMENT I decide to dig my heels into...? I flat out WIN THE DEBATE or ARGUMENT. Just like NOAM CHOMSKY.

The problem is that people don't CARE if they've lost an ARGUMENT, and they don't have a lot of EMPATHY after they do, either. They have bills to pay. If they have to let some innocent person die somewhere...? Oh well. THEY have BILLS to pay, and you're a REAL ASSHOLE, for trying to SHAME someone that's gotta pay their bills...

Nah. Their bills are a LOT MORE IMPORTANT than morals... and though I'm being facetious, I know that most people will agree to that without being sarcastic at all.

It sucks to say it out loud, right…? But that's why I piss a lot of people off. People generally don't give a shit if they're not the one suffering, or in trouble.

When they ARE though...?

OHHHHHH SHIT... it's like a switch flips in their mind where they realize they're in DEEP SHIT... ... and when they ask people for help...?

Those people treat them in return, the same way that they treated people like they treat me... they discriminate and have PREJUDICE.

But, in their case…? Toward someone that might've ACCIDENTALLY killed somebody… so then, ALL of that entitled brattiness came back to bite them in the ass.

I'll tell you what.
This post right here…?
It is intentionally manipulative.

I'm using a lot of reverse psychology, and the people who take the time to read it are going to be slightly more intelligent than they were BEFORE they read it. That's how it works, you either write it all down, or make audio dictations of ideas you dwell on often...? Before you know it, you won't be able to WATCH or LISTEN to some MORON like TUCKER CARLSON or SEAN HANNITY.

However, reading it ALONE isn't gonna solve societies problems or failings... But, not making the effort to spread the word, or the ideas isn't a hopeless endeavor.

Some people are S000000 lost in this world, whether it's through the media, the news, broadcast television, or sports... that they'll sound like this guy Fred that I met at the laundromat.

The dude struck me as if there's never a single reason to ask questions... and that's VERY FUCKING DANGEROUS.

I'm not saying he was a bad guy, I'm saying that once someone decides to have a totalitarian rule with no exceptions whatsoever for given scenarios...?

That's definitely fuckin' dangerous, because that's how some of the police think. Because, guys like him become the perfect loyal servants to TYRANNY and CORRUPTION. Totally serious.

Being the type of person that does NOT ask any questions about scenarios...? That's fucking dangerous.

Because there are EXCEPTIONS to every rule, and people should always hold themselves accountable whenever they've made a mistake or had an error/lapse in judgment.

Wanna know why ...?

Cause some innocent person or people might get killed for no fucking reason, other than somebody LIED.

HOWEVER, most people that operate on their assumptions truly believe that you have to know people and be a good person to a lot of people, to get ahead in life. Heh. What that might mean is keeping your opinions about other people, to yourself, in MANY circumstances.

So, what THAT actually means, is if my aunt Nancy has been very social with people her WHOLE LIFE, to get where she is, same with my uncle Rick…? They're gonna be offended when I try to explain a much better route to success. And I would have already earned that success if my iPhone 8+ wasn't disabled on May 27<sup>th</sup>, 2020.

The truth is, people will allow you to get somewhere on their list if you use a grappling hook to swing from friend to friend... there's nothing WRONG with this...? But, riding on how COOL your personality is to other people...?

Causes people to keep secrets, or to follow this advice...

| If you have nothing nice to say, then say nothing at all. |

But- that causes serious problems.

Because THEN, you might have to tell little WHITE LIES to EVERYBODY about SOMETHING...
...and then the POLICE won't charge somebody with PERJURY, even if you RECORD someone COMMITTING PERJURY.

Dead serious

Most of the police I run into, perjury is fine to commit, I don't do it, but I know many other people do. It's not REALLY against the law, in most of their eyes… even though it's a law, it's right there on statements. But they rarely ever enforce that shit. Even if you have evidence.

So, if someone LIES on a written instrument…? That's ok, the police won't do anything about that. Because, some of them do it too.

In reality, these things DO matter.

Committing PERJURY and NOT CARING about the CONSEQUENCES, is what causes the POLICE to think it's a fuckin' total waste of time to go after.

Police: Everybody commits perjury, Michael.

Get with the program, jeez.

You gotta ride on your personality, appearance, or reputation to get ahead in life.

That's all there is to it.

So, lie away, dude.

Nobody cares.

But, then they will sometimes treat the truth as if it's GOTTA BE a lie… because they know some people who have an OUTSTANDING REPUTATION, and they even said it, "That's GOTTA be a lie, dude..."

However, that's just because SOME laws MATTER, and SOME laws DON'T.

You gotta figure, ACCEPTING BRIBERY is TOTALLY LEGAL if TED CRUZ hasn't been ARRESTED yet, for ACCEPTING it. So, why have the law at all…?

Well, If Ted Cruz accepts bribery money...? Oh well.

Now he can pay the cops on his staff to keep doing their job.

The police sometimes get wicked pissed off at me for being THIS accurate, but there's not much they can do because I have the FREEDOM OF EXPRESSION, and I am also VERY TALENTED at hitting the RECORD button.

You would be flat out impressed with the number of audio recordings I have that SHOULD cause people to think that I will win a number of lawsuits... but the reason I haven't done that yet is because I truly do believe that lawsuits are STAGED.

Just like a lot of things in our society, things are STAGED or MADE UP.

I don't know, maybe they're NOT staged, and I actually have some heavy hitting material that will at the very least, get at least a DOZEN people in (CLIFTON PARK/SARATOGA COUNTY), either FIRED, SENTENCED TO JAIL, | or PRISON...

But, if THEY have the ABILITY to DISABLE my iPhone REMOTELY, and cause everyone to DOUBT my SANITY...?

It is entirely possible that the system is too corrupt to fix now. I'm likely gonna confuse people by talking about so many subjects, but there is a theme here.
